

# FOR PATRONS AND NEIGHBORS OF MAR VISTA REC CENTER

## WHO TO CALL

### FOR HOMELESS, SANITARY AND SAFETY ISSUES

The Mar Vista Park Advisory Board and recreation center staff have prepared this flyer to aid park patrons and neighbors in reporting issues that they see. While recreation staff report what they see, they need everyone's help! The more people that report issues, the more attention they will receive by the City. **If you see it, report it!**

Reporting issues related to homelessness, sanitation, and safety can be confusing and frustrating. Below are the phone numbers to use depending upon what you see. For most of the topics listed below you can also dial 311 or download and install the MyLA311 app for the City of Los Angeles. The MyLA311 app does provide a tracking number. For your own safety, please do not engage directly with people who are perpetrating any of these.
