

POLICY MOTION

COMMITTEE: WRAC LUPC

TITLE: Request for RSO Housing

PURPOSE: To request that the Los Angeles Housing Department presume that 100% of RSO units slated for demolition per the Ellis Act are inhabited by low-income households, and 100% of the replacement units shall be rented at the corresponding low-income rent.

THE MOTION:

The MVCC requests that the Los Angeles Housing Department presume that 100% of RSO units slated for demolition per the Ellis Act are inhabited by low-income households, and 100% of the replacement units shall be rented at the corresponding low-income rent.

If the Housing Department or the developer wish to lower that standard and require that fewer replacement units are affordable, then they must do the outreach and secure estoppels from the tenant households that demonstrate their income exceeds the low-income requirements (instead of putting the burden on low-income households to prove that they are low-income tenants).

We further request that the Housing Department formulate and implement alternative income verification methods for current tenants who are elderly, disabled or undocumented to be able to qualify for their right of return.
